

## Exhibition rules

1. Sales of factory-new feed and equipment are reserved for dealers.
2. It is permitted for private/hobby breeders to sell their own breeding.
3. No sales allowed from free exhibitor stands - this is reserved for sales stands.
4. Artificially colored or severely deformed fish must not be present at the fair.
5. During opening hours no alcohol is allowed on the stands.
6. Viborg Akvariemesse does not assume responsibility for power failure. If a stand has large electricity consumption (more than what is installed in the exhibition hall), the individual must provide their own electricity supply. Only approved cables and plugs may be used.
7. In the event of water spillage on the floor, it is the stand holder and/or exhibitor who ensures removal of the water immediately afterwards, and covers any damage to the floor. The stand must be left in the same condition as it was received.
8. It is not permitted to pack up or leave the stands before closing time, Sunday at 15.00 - unless otherwise agreed in writing with the exhibition committee.
9. The stand must be left free of any waste materials etc. when leaving the hall. Disposal of waste is provided by the individual stand holder.
10. It is ONLY permitted to use special tape on the floor in the hall. This can be purchased by contacting either Dennis or Kasper. If another type of tape is used on the floor, the stand holder/exhibitor will subsequently be charged the cost of cleaning and repairing any damage to the floor.

Viborg Akvariemesse reserves the right to reject stands and persons who, for one reason or another, do not comply with these guidelines. Viborg Akvariemesse also reserves the right to prioritize stands related to the aquarium hobby.
